

## ***Please Make Your End Year Gift Today***

### ***To Our Dear Friends and Supporters;***

As another year draws to a close, I find myself reflecting on the countless moments big and small that have shaped our journey at WAVE Children's Foundation. The world around us continues to face challenges, and for many communities, life has not become easier. Yet within these realities, I continue to witness something extraordinary: *the quiet power of compassion.*

It is easy to be overwhelmed by the noise of the world, but when we look closely, we discover stories of courage, resilience, and hope. We see children determined to learn, families striving to build a better future, and communities supporting one another in ways that inspire us daily. These moments remind us why we do the work we do.

WAVE Children's Foundation was built on a simple belief that every child, no matter their circumstances, deserves the chance to thrive. And every year, your generosity allows us to turn that belief into action. Whether through education, protection, emotional support, or simply offering a safe and loving environment, your partnership makes possibilities real for the children we serve.

This season, I want to celebrate not only the progress we have made, but the spirit that has made it possible. Your kindness has travelled across borders, into classrooms, homes, and hearts. You have given children reasons to smile, to dream, and to believe in a brighter tomorrow.

Thank you for walking beside us through the victories, the challenges, and the quiet, unseen work that changes lives. I am deeply grateful for your trust, your commitment, and your unwavering belief in our mission.

May your holiday season be filled with peace, connection, and the joy that comes from knowing you have touched lives in profound and meaningful ways. From all of us at WAVE Children's Foundation, we wish you a blessed and hopeful season ahead.

**With heartfelt gratitude,**

**Jens von Gierke**

***Please Help WAVE Children's Foundation Continue The Work We Have Started***

In 2019, Jens and his wife, Nicole, and kids Natalia and Sophia, embarked on a memorable trip to Kenya, where a visit to the Children's Garden Home in Nairobi changed their lives forever. Deeply moved by the children's warmth, resilience, and incredible stories of hope amidst hardship, they felt a calling to do more. What began as a simple holiday encounter soon grew into a lifelong commitment to support and empower vulnerable children across Kenya.

With that inspiration, the foundation was born as a non profit organization dedicated to improving the lives of children through education, health, water, farming and community-based projects. Starting in Nairobi and Naivasha, and expanding to the Masai Mara conservancies, our initiatives have provided thousands of children with opportunities to learn, grow, and dream beyond their circumstances. Each project reflects our belief that every child deserves a chance to thrive, no matter where they begin.

Today, our journey continues with new partnerships and outreach programs through our partners at Orphaned Starfish Foundation, expanding to Zanzibar and Ethiopia. Guided by compassion and collaboration, we remain committed to creating lasting change one child, one community, and one hopeful story at a time.
